1. 교과목 개요

Practical Korean is the fourth part of an elementary course in Korean. In this course, students will learn simple sentences focused on basic grammatical patterns. This course will be taught to the students who have taken Korean 3. Thus the teacher will assume that students know what they studied from Korean 1~3 class. This course will emphasize correct use of basic grammatical patterns and their application in actual life. Further to Korean 3, students will deal with four more topics, which are Shopping and Delivery service, Hospital and Housing, Invitation and Visiting, and Appointment and Life in Korea.
